Likely developments and expected results of operations

In the opinion of the Directors, disclosure of any further information regarding business strategies and future developments or results of the Fund, other than the information already outlined in this Directors' Report or the Financial Statements accompanying this Directors' Report would be unreasonably prejudicial to the Fund.

Significant changes in the state of affairs

During the financial year, the Fund had no significant changes in its state of affairs.

Matters subsequent to the end of the financial year

Since the end of the year, the Directors are not aware of any matter or circumstance not otherwise dealt with in their Directors' Report or the Financial Statements that has significantly or may significantly affect the operation of the Fund, the results of those operations, or state of the Fund's affairs in future financial periods.

Distributions

Distributions paid or payable by the Fund for the year ended 30 June 2024 were 9.9996 cents per units which amounted to \$2,430,000 (2023: 9.9996 cents per units, \$3,279,000) as outlined in note 2 of the Notes to the Financial Statements.

Interests in the Fund

The movement in units on issue in the Fund during the year and the number of units on issue as at 30 June 2024 are detailed in note 5 of the Notes to the Financial Statements and form part of this Directors' Report.

The Fund did not have any options on issue as at 30 June 2024 (2023: nil).

Directors' Report (continued)

Environmental regulation

The Responsible Entity, DXAM is part of the Dexus Group (Dexus). The Dexus Risk and Compliance Committee and Dexus Board Sustainability Committee oversee the policies, procedures and systems that have been implemented to ensure the adequacy of its environmental risk management practices. It is the opinion of this Committee that adequate systems are in place for the management of for the management of Dexus's environmental responsibilities and compliance with various licence requirements and regulations. Further, the Committees are not aware of any material breaches of these requirements.

Dexus is subject to the reporting requirements of the National Greenhouse and Energy Reporting Act 2007 (NGER Act). The NGER Act requires Dexus to report its annual greenhouse gas emissions and energy use.

Dexus has implemented systems and processes for the collection and calculation of the data required. Dexus submitted its 2023 report to the Greenhouse and Energy Data Officer on 30 October 2023 and will submit its 2024 report by 31 October 2024. During the 12 month period ending 30 June 2024, Dexus complied with all the relevant requirements as set out by the NGER Act.

Information regarding Dexus's participation in the NGER program is available at: www.dexus.com/sustainability

Indemnification and insurance

The insurance premium for a policy of insurance indemnifying Directors, Officers and others (as defined in the relevant policy of insurance) is paid by DXAM's parent entity, Dexus Holdings Pty Limited (DXH).

Subject to specified exclusions, the liabilities insured are for costs that may be incurred in defending civil or criminal proceedings that may be brought against Directors and Officers in their capacity as Directors and Officers of the Responsible Entity of the Fund, and other payments arising from liabilities incurred by the Directors and Officers in connection with such proceedings.

PricewaterhouseCoopers (PwC or the Auditor), is indemnified out of the assets of the Fund pursuant to the Dexus Specific Terms of Business agreed for all engagements with PwC, to the extent that the Responsible Entity inappropriately uses or discloses a report prepared by PwC. The Auditor is not indemnified for the provision of services where such an indemnification is prohibited by the *Corporations Act 2001*.

Audit

Auditor

PricewaterhouseCoopers continues in office in accordance with section 327 of the *Corporations Act 2001*.

Non-audit services

The Fund may decide to employ the Auditor on assignments, in addition to its statutory audit duties, where the Auditor's expertise and experience with the Fund are important.

Details of the amounts paid or payable to the Auditor for audit and non-audit services provided during the period are set out in note 7 of the Notes to the Financial Statements.

The Audit, Risk and Compliance Committee is satisfied that the provision of non-audit services provided during the period by the Auditor (or by another person or firm on the Auditor's behalf) is compatible with the standard of independence for auditors imposed by the *Corporations Act 2001*.

The reasons for the Directors being satisfied are:

- All non-audit services have been reviewed by the Audit, Risk and Compliance Committee to ensure that they do not impact the impartiality and objectivity of the Auditor
- None of the services undermine the general principles relating to auditor independence as set out in APES 110 *Code of Ethics for Professional Accountants*

The above Directors' statements are in accordance with the advice received from the Audit, Risk and Compliance Committee.

Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration as required under section 307C of the *Corporations Act 2001* is set out on page 6 and forms part of this Directors' Report.

Rounding of amounts and currency

As the Fund is an entity of the kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, the Directors have chosen to round amounts in this Directors' Report and the accompanying Financial Report to the nearest thousand dollars, unless otherwise indicated. All figures in this Directors' Report and the Financial Statements, except where otherwise stated, are expressed in Australian dollars.

Directors' Report (continued)

Directors' authorisation

The Directors' Report is made in accordance with a resolution of the Directors. The Financial Statements were authorised for issue by the Directors on 17 September 2024.

Notes to the Financial Statements

In this section

This section sets out the basis upon which the Fund's Financial Statements are prepared.

Basis of preparation

These Financial Statements are general purpose financial statements which have been prepared in accordance with the requirements of the Constitution of the Fund, the *Corporations Act 2001*, Australian Accounting Standards issued by the Australian Accounting Standards Board and the International Financial Reporting Standards adopted by the International Accounting Standard Board.

Unless otherwise stated the Financial Statements have been prepared using consistent accounting policies in line with those of the previous financial year and corresponding interim reporting period. Where required, comparative information has been restated for consistency with the current period's presentation.

The Financial Statements are presented in Australian dollars, with all values rounded to the nearest thousand dollars in accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, unless otherwise stated.

The Fund is a for-profit entity.

Going concern

The Directors of the Responsible Entity of the Fund remain of the opinion that the Fund can continue as a going concern considering its underlying investments are fully liquid, diversified and will be able to meet redemption requests as per the Fund's Product Disclosure Statement ("PDS").

The Financial Statements have therefore been prepared on a going concern basis using historical cost conventions, except for investments in listed equities which are stated at their fair value.

Critical accounting estimates

The preparation of the Financial Statements may require the use of certain critical accounting estimates and management to exercise its judgement in the process of applying the Fund's accounting policies.

In the process of applying the Fund's accounting policies, management has considered the current economic environment including the impacts of persistent inflation and elevated interest rates.

There are no key assumptions concerning the future or areas of estimation uncertainty at the end of the reporting period that have a significant risk of causing material adjustments to the Financial Statements.

Notes to the Financial Statements (continued)

Key accounting policies

Financial assets held at fair value through profit or loss

(a) Classification

The Fund's investments comprising listed equities and investment schemes are classified as at fair value through profit or loss as they are managed, and their performance evaluated, on a fair value basis.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Fund takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis.

(b) Recognition and derecognition

The Fund recognises financial assets on the date it becomes party to the contractual agreement (trade date) and recognises changes in fair value of the financial assets from this date.

Financial assets are derecognised when the right to receive cash flows from the investments has expired or the Fund has transferred substantially all risks and rewards of ownership.

(c) Measurement

Subsequent to initial recognition, all financial assets held at fair value through profit or loss are measured at fair value with changes in their fair value recognised in the Statement of Comprehensive Income.

Fair value of listed equities and investment schemes is based on their quoted closing prices on the relevant stock exchanges at the reporting date.

Distribution and interest income

Income is measured at the fair value of the consideration received or receivable. Distribution income is recognised on a receivable basis at the quoted ex-distribution date.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Fund and the amount of income can be measured reliably. Interest income is accrued on a pro-rata basis taking into account the effective yield on the financial asset.

Distributions to unitholders

In accordance with the Fund's Constitution, the Fund attributes its taxable income to unitholders by way of a cash distribution or distribution reinvestment into the Fund. Distributions are payable monthly.

Applications and redemptions

Applications received for units in the Fund are recorded net of any entry fees payable for the issue of units in the Fund. Redemptions from the Fund are recorded net of any exit fees payable.

The application and redemption prices are determined by reference to the Fund's net asset value adjusted for the estimated transaction costs, divided by the number of units on issue on the date of the application or redemption.

Foreign currency translation

(a) Functional and presentation currency

The Financial Statements of the Fund are presented in the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar ("A\$"), which reflects the currency of the economy in which the Fund competes for funds and is regulated. The Australian dollar is also the Fund's presentation currency.

Notes to the Financial Statements (continued)

Key accounting policies (continued)

Foreign currency translation (continued)

(b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the date of the transactions.

At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the exchange rates prevailing at balance date. Non-monetary items carried at fair value denominated in foreign currencies are retranslated at the exchange rates prevailing at the date when the fair value was determined.

Expenses

All expenses, including management fees, are recognised in the Statement of Comprehensive Income on an accrual basis.

Income tax

The Fund is a “flow-through” entity for Australian income tax purposes and has elected into the Attribution Managed Investment Trusts rules on and from 1 July 2017, such that the determined trust components of the Fund will be taxable in the hands of the beneficiaries (the unitholders) on an attribution basis.

Accordingly, deferred taxes have not been recognised in the financial statements in relation to differences between the carrying amounts of assets and liabilities and their respective tax bases, including taxes on capital gains/losses which could arise in the event of a sale of investments for the amount at which they are stated in the Financial Statements.

Goods and services tax

Revenues, expenses and capital assets are recognised net of any amount of Australian Goods and Services Tax (GST), except where the amount of GST incurred is not recoverable. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of the expense. Cash flows are included in the Statement of Cash Flows on a gross basis. The GST component of cash flows arising from investing and financing activities that is recoverable from or payable to the Australian Taxation Office is classified as cash flows from operating activities.

Notes to the Financial Statements

The Notes include information which is required to understand the Financial Statements and is material and relevant to the operations, financial position and performance of the Fund.

The Notes to the Financial Statements are organised into the following sections:

Fund performance	Capital and financial risk management and working capital	Other disclosures
1. Operating segment	3. Capital and financial risk management	7. Audit, taxation and transaction service fees
2. Distributions paid and payable	4. Commitments and contingencies	8. Cash flow information
	5. Contributed equity	9. Related parties
	6. Working capital	10. Subsequent events

Fund performance

In this section

This section explains the results and performance of the Fund.

It provides additional information about those individual line items in the Financial Statements that the Directors of the Responsible Entity consider most relevant in the context of the operations of the Fund, including operating segment and distributions paid and payable.

Note 1 Operating segment

The Fund derives its income in the form of distributions from listed property securities and is deemed to have only one operating segment which is consistent with the reporting reviewed by the chief operating decision makers.

Note 2 Distributions paid and payable

Distributions are recognised when declared.

c) Non-cash financing activities

During the year distributions declared totalling \$421,000 (2023: \$536,000) were reinvested by unitholders for additional units in the Fund.

Capital and financial risk management and working capital

In this section

The Fund's overall risk management program focuses on reducing volatility from impacts of movements in financial markets and seeks to minimise potential adverse effects on the financial performance of the Fund.

Note 3 *Capital and financial risk management* outlines how the Fund manages its exposure to a variety of financial risks (interest rate risk, price risk, currency risk, credit risk and liquidity risk).

The Directors of the Responsible Entity determine the appropriate capital structure of the Fund and how much is raised from unitholders (equity) in order to finance the Fund's activities both now and in the future. This capital structure is detailed in the following notes:

- Assets and liabilities: *Fair value measurement* in note 3 and *Commitments and contingencies* in note 4; and
- Equity: *Contributed equity* in note 5.

Note 6 provides a breakdown of the working capital balances held in the Statement of Financial Position.

Note 3 Capital and financial risk management

The Responsible Entity is responsible for ensuring a prudent risk management culture is established for the Fund. This is reflected in the adoption of a Risk Management Framework that clearly defines risk appetite and risk tolerance limits which are consistent with the Fund's investment mandate.

The Fund Manager is responsible for overseeing the establishment and implementation of appropriate systems, controls, and policies to manage the Fund's risk. The focus is on ensuring compliance with the approved Risk Management Framework whilst seeking to maximise the returns derived for the level of risk to which the Fund is exposed.

The effective design and operation of the risk management systems, controls and policies is overseen by the Responsible Entity and its Audit, Risk and Compliance Committee.

Risk management in respect to financial instruments is achieved via written policies that establish risk appetite and tolerance limits in respect to exposure to interest rate risk, credit risk and the investment of excess liquidity. Compliance with these policies and exposure limits is reviewed by the Responsible Entity on a continuous basis.

BNP Paribas S.A. acts as the master custodian on behalf of the Responsible Entity from 14 June 2024 (National Australia Bank Limited acted as the master custodian until 13 June 2024) and, as such, provides services including physical custody and safekeeping of assets, settlement of trades and collection of income.

Financial instruments

The Fund holds a range of financial instruments including:

- Cash and cash equivalents
- Receivables
- Investment in listed equities
- Payables

Transactions in these instruments expose the Fund to a variety of financial risks including market risk (which includes interest rate risk and price risks), credit risk, and liquidity risk. The Fund does not enter into or trade financial instruments for speculative purposes.

a) Capital risk management

The Responsible Entity's objective when managing capital is to safeguard its ability to continue as a going concern, so that it can continue to provide returns for unitholders in accordance with the Fund's investment strategy.

The capital structure of the Fund consists of cash and cash equivalents and the proceeds from the issue of the units of the Fund. The Fund Manager aims to ensure that there is sufficient capital for possible redemptions by unitholders.

The Fund has no restrictions or specific capital requirements on the application and redemption of units other than those imposed by *Corporations Act 2001*. The Fund's overall investment strategy remains unchanged from the prior year.

b) Market risk

Market risk is the risk that the fair value or future cash flows of the Fund's financial instruments will fluctuate because of changes in market prices. The Fund Manager manages the financial risks relating to the operations of the Fund in accordance with an investment mandate set out in accordance with the Fund's Constitution and PDS. The Fund's investment mandate is to provide investors with a consistent, relatively high level of income combined with some capital growth, sourced from an appropriately wide spread of property-based revenue streams. There has been no change to the Fund's exposure to market risks or the manner in which it manages and measures the risk. Components of market risk to which the Fund is exposed are interest rate risk, price risk and currency risk.

Interest rate risk

The Fund's interest bearing financial assets expose it to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. The risk is measured using sensitivity analysis.

The Fund's policy is to hold up to a maximum of 10% (2023: 10%) of its total investments in cash and fixed interest investments.

Note 3 Capital and financial risk management (continued)

b) Market risk (continued)

Interest rate risk (continued)

Interest rate sensitivity

The sensitivity analyses below have been determined based on the Fund's exposure to interest rates at the reporting date and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period, in the case of instruments that have floating interest rates.

The table below shows the impact on the Fund's net interest income of a 100 basis point movement in market interest rates on cash and cash equivalents.

	2024 (+/-) \$'000	2023 (+/-) \$'000
+/- 1.00% (100 basis points)	1	1
Total	1	1

The interest rate movements have been determined based on management's best estimate, having regard to historical levels of changes in interest rates and the current environment in which the Fund operates.

Actual movements in the interest rate may be greater or less than anticipated due to a number of factors, including unusually large market shocks both in the global and domestic markets. As a result, historic variations in interest rates are not a definitive indicator of future variations.

Price risk

The Fund has investments in equity instruments, which exposes it to price risk. Price risk is the risk that the total value of investments will fluctuate as a result of changes in market prices, whether caused by factors specific to an individual investment, its issuer or all factors affecting all instruments traded in the market. The Fund Manager manages the Fund's market risk on a daily basis in accordance with the Fund's investment objectives and policies, as detailed in the Fund's Constitution and PDS.

As the Fund's financial instruments are carried at fair value with changes in the fair value recognised in the Statement of Comprehensive Income, all changes in market conditions will directly affect the fair value of financial instruments.

The rising interest rate environment and the potential for sustained inflationary impacts has created unprecedented uncertainty. Actual economic events and conditions in the future may be materially different from those estimated by the Fund at the reporting date.

The following table illustrates the effect on net profit / (loss) from a 10% change in the underlying investments:

	2024 (+/-) \$'000	2023 (+/-) \$'000
+/- 10%	2,186	4,185
Total	2,186	4,185

An overall increase/(decrease) in market price will result in an increase/(decrease) in net profit/(loss) respectively.

Currency risk

Currency risk is the risk that the market value of future cash flows of a financial instrument will fluctuate because of changes in foreign currency exchange rates. The Fund invests in listed Asian REIT securities, which hold underlying investments in countries other than Australia. As the Fund is managed on an unhedged basis, it is exposed to the following currencies – Hong Kong Dollars (HKD), Japanese Yen (JPY), Singapore Dollars (SGD) and New Zealand Dollars (NZD).

Capital and financial risk management and working capital (continued)

Note 3 Capital and financial risk management (continued)

b) Market risk (continued)

Currency risk (continued)

At the reporting date the carrying value of the Fund's net financial assets and liabilities held in these individual foreign currencies expressed in Australian dollars and as a percentage of its net assets were as follows:

	2024		2023	
	AUD \$'000	% of net assets	AUD \$'000	% of net assets
HKD	1,446	6.6%	4,769	11.2%
JPY	9,533	43.8%	17,262	40.6%
SGD	10,775	49.5%	19,851	46.7%
NZD	238	1.1%	249	0.6%

Currency sensitivity

The Fund is mainly exposed to the SGD, JPY and HKD currencies. The following table details the Fund's sensitivity to a reasonably possible change of a 10% (2023: 10%) increase and decrease in the Australian Dollar against these currencies and the effect on the Fund's profit or loss and net assets attributable to unitholders.

	Effect of 10% increase on profit attributable to unitholders (AUD)		Effect of 10% decrease on profit attributable to unitholders (AUD)	
	2024 \$'000	2023 \$'000	2024 \$'000	2023 \$'000
HKD	131	434	(161)	(530)
JPY	867	1,569	(1,059)	(1,918)
SGD	980	1,804	(1,197)	(2,206)

c) Credit risk

Credit risk is the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Fund. Credit risk arises from cash and cash equivalents and deposits with banks and financial institutions, as well as credit exposures to wholesale and retail unitholders, including outstanding receivables and committed transactions.

Credit risk controls assess the credit quality of the counterparty, taking into account its financial position, past experience and other factors. The Fund has adopted the policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from default. The Fund's investment objective is to find high quality counterparties predominately with a stable credit history. The Fund measures credit risk on a fair value basis.

Credit risk arising on receivable balances is monitored on an ongoing basis with the result that the Fund's exposure to bad debts is not significant. There are no significant financial assets that have had renegotiated terms that would otherwise have been past due or impaired.

The maximum exposure to credit risk as at 30 June 2024 and 30 June 2023 is the carrying amounts of financial assets recognised in the Statement of Financial Position of the Fund. The Fund holds no collateral as security and the credit quality of all financial assets that are neither past due or impaired is consistently monitored in order to identify any potential adverse changes in the credit quality.

The Fund does not have a significant credit risk exposure to any single counterparty or counterparties having similar characteristics.

Capital and financial risk management and working capital (continued)

Note 3 Capital and financial risk management (continued)

d) Liquidity risk

Liquidity risk includes the risk that the Fund, as a result of its operations:

- Will not have sufficient funds to settle a transaction or unit redemption on the due date
- Will be forced to sell financial assets at a value which is less than what they are worth
- May be unable to settle or recover a financial asset at all

The Fund is considered liquid in accordance with the *Corporations Act 2001*, with unitholders able to withdraw their units at any time, exposing the Fund to liquidity risk. As such, the Fund's approach to managing liquidity is to ensure that it has sufficient cash and cash equivalents and highly liquid financial assets to meet its liabilities. As the Fund's primary investment objective is to invest in highly liquid listed real estate securities, the Fund's exposure to liquidity risk is considered to be low.

The table below shows an analysis of the contractual maturities of liabilities which forms part of the Fund's assessment of liquidity risk:

	Less than 3 months \$'000	3 months to 1 year \$'000	1 to 5 years \$'000	Over 5 years \$'000	Total \$'000
2024					
Liabilities					
Payables	722	-	-	-	722
Provisions	161	-	-	-	161
Total	883	-	-	-	883
	Less than 3 months \$'000	3 months to 1 year \$'000	1 to 5 years \$'000	Over 5 years \$'000	Total \$'000
2023					
Liabilities					
Payables	138	-	-	-	138
Provisions	253	-	-	-	253
Total	391	-	-	-	391

The Fund is able to sufficiently meet its liquidity obligations through the receipt of distribution income, additional applications received from investors and also via the sale of listed investments where required.

e) Fair value

The Fund uses the following methods in the determination and disclosure of the fair value of financial instruments:

Level 1: the fair value is calculated using quoted prices in active markets.

Level 2: the fair value is determined using inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: the fair value is estimated using inputs for the asset or liability that are not based on observable data.

All listed equities included within Financial assets recognised at fair value through profit or loss within the Statement of Financial Position were measured at Level 1 for the periods presented in this report.

During the year, there were no transfers between Level 1, 2 and 3 fair value measurements.

Note 4 Commitments and contingencies

The Directors of the Responsible Entity are not aware of any commitments or contingent liabilities in relation to the Fund (2023: nil), other than those disclosed in the Financial Statements, which should be brought to the attention of unitholders as at the date of completion of this report.

Capital and financial risk management and working capital (continued)

Note 5 Contributed equity

Each unit ranks equally with all other units for the purposes of distributions and on termination of the Fund. Each unit entitles the holder to vote in accordance with the provisions of the Constitution and the *Corporations Act 2001*.

Transaction costs arising on the issuance of equity instruments are recognised directly in equity as a reduction of the proceeds of the equity instruments to which the costs relate. Transaction costs are the costs that are incurred directly in connection with the issue of those equity instruments and which would not have been incurred had those instruments not been issued or bought back.

a) Carrying amount

	2024 \$'000	2023 \$'000

Total	722	138

d) Provisions

A provision is recognised when an obligation exists as a result of a past event, and it is probable that a future outflow of cash or other benefit will be required to settle the obligation.

Distributions are provided when they are approved by the Board of Directors of the Responsible Entity and declared.

	2024	2023
	\$'000	\$'000
Provision for distribution	161	253
Total	161	253

A provision for distribution has been raised for the period ended 30 June 2024. This distribution was paid on 11 July 2024.

The Fund may acquire investments in entities that are also managed by DXPG or its related body corporates (Related Parties), in accordance with its PDS. The Fund did not hold any interests in its related parties as at the financial year end or throughout the year (2023: nil).

Note 10 Subsequent events

Since the end of the year, the Directors are not aware of any matter or circumstance not otherwise dealt with in their Directors' Report or the Financial Statements that has significantly or may significantly affect the operation of the Fund, the results of those operations, or state of the Fund's affairs in future financial periods.

Directors' Declaration

The Directors of Dexus Asset Management Limited as Responsible Entity of Dexus Asian REIT Fund declare that the Financial Statements and Notes set out on pages 7 to 23:

- (i) Comply with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
- (ii) Give a true and fair view of the Fund's financial position as at 30 June 2024 and of its performance, as represented by the results of its operations and its cash flows, for the year ended on that date.

In the Directors' opinion:

- (a) The Financial Statements and Notes are in accordance with the *Corporations Act 2001*;
- (b) The Fund has operated in accordance with the provisions of the Constitution during the year ended 30 June 2024; and
- (c) There are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.

The Financial Statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the Directors.

Independent auditor's report

To the unitholders of Dexus Asian REIT Fund

Our opinion

In our opinion:

The accompanying financial report of Dexus Asian REIT Fund (the Registered Scheme) is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Registered Scheme's financial position as at 30 June 2024 and of its financial performance for the year then ended
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

What we have audited

The financial report comprises:

- the Statement of Financial Position as at 30 June 2024
- the Statement of Comprehensive Income for the year then ended
- the Statement of Changes in Equity for the year then ended
- the Statement of Cash Flows for the year then ended
- the Notes to the Financial Statements, including material accounting policy information and other explanatory information
- the Directors' Declaration.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Registered Scheme in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Other information

The Directors of Dexus Asset Management Limited, the Responsible Entity of the Registered Scheme (the Directors) are responsible for the other information. The other information comprises the information included in the Annual Report for the year ended 30 June 2024, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon through our opinion on the financial report.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the financial report

The Directors are responsible for the preparation of the financial report in accordance with Australian Accounting Standards and the *Corporations Act 2001*, including giving a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the ability of the Registered Scheme to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Registered Scheme or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf. This description forms part of our auditor's report.
