

ASX Corporate Governance Council Principles and Recommendations 4th edition

This Corporate Governance Statement was approved by the Board on 13 August 2024.

The Board has implemented a corporate governance framework that applies to all Dexus Funds Management Limited funds comprising its ASX-listed entities (ASX: DXS, DXC & DXI), Unlisted Funds (Institutional and Direct), Real Estate Securities and all third party capital partners.

These funds benefit from leveraging Dexus's funds and property management expertise to drive growth and performance.

The Board believes that good corporate governance supports:

- A culture of ethical behaviour resulting in an organisation that acts with integrity
- Improved decision-making processes
- Better controls and risk management
- Improved relationships with stakeholders
- Accountability and transparency

The framework adopted by Dexus meets the requirements of the ASX Corporate Governance Principles and Recommendations Fourth Edition (ASX Principles) and addresses additional aspects of governance which the Board considers important.

To assist stakeholders in accessing key documents outlining our approach to corporate governance, Dexus maintains a Corporate Governance section on its website www.dexus.com/corporategovernance.

The website is updated throughout the year, as policies and procedures are reviewed.

Governance for Funds Management

Dexus uses its expertise, scale and knowledge of the Australasian real asset marketplace to create and manage property and infrastructure investments for our third party capital partners and investors.

A high standard of corporate governance is vital for attracting, retaining and reinforcing the confidence of these third party capital partners and investors.

Demonstrating this importance, many of Dexus's unlisted funds have in place a best practice corporate governance model that was established in consultation with their respective investor bases.

Many of these funds have Responsible Entity Boards that are comprised wholly or predominantly of non-executive directors and are independent of the Dexus Board.

In addition, many of these funds each have Advisory Committees in place comprising of Unitholder appointed representatives.

Related party transactions require the approval of the relevant Advisory Committee before agreements are executed. The Responsible Entity Boards are responsible for reviewing and approving recommendations with respect to each Fund's major decisions, including acquisitions, divestments, developments, major capital expenditure and the annual Investment Plan.

Dexus also acknowledges the importance of effective corporate governance practices in relation to its third party capital partners. Policies are in place to manage conflicts of interest and related party transactions.

Examples of conflicts of interest and related party transactions that relate to Dexus and its Funds Management business include:

- Leasing conflicts
- Allocation of property transactions and transfer of assets between entities within the group
- Third party capital partner conflicts and related party transactions

In managing conflicts of interest, Dexus has established a structure whereby the responsibility for the investment vehicle is separated from the other funds or investment vehicles involved for which Dexus provides services.

The Fund Manager for each fund or investment vehicle will, at all times, act in the best interests of the fund or investment vehicle.

Where an actual conflict arises, the relevant Dexus entity liaises with the Compliance team to implement appropriate information barriers and confidentiality protocols between parties to ensure confidentiality is maintained and that the interests of the investors or third party capital partners of the fund or investment vehicle are appropriately represented.

Related Party transactions require the approval of the relevant Fund Advisory Committee where applicable.

Management Approach and Procedures

As Dexus comprises two real estate investment trusts, its corporate governance practices satisfy the requirements relevant to unit trusts. The Board has determined that the governance framework will also meet the highest standards of a publicly listed company. This includes the convening of an Annual General Meeting (AGM), the appointment (and re-election) of directors by Dexus investors and their consideration of the remuneration report.

1.1 Board responsibilities

The framework adopted by Dexus ensures accountability and a balance of authority by defining the respective roles and responsibilities of the Board and executive management, including delegated authority (as outlined in the Charter for the Board and the Executive Committee).

This enables the Board to maintain a focus on strategic guidance while exercising effective oversight.

Charters for the Board and its delegated Committees are available at www.dexus.com/corporategovernance.

The Board's responsibilities include (but are not limited to):

- Approving (in consultation with Management) Dexus's strategy, purpose and values
- Approving and overseeing progress of the annual Investment Plan and operating budgets
- Demonstrating leadership to, and challenging Management while overseeing the implementation of Dexus's strategy
- Approving periodic market guidance and ensuring Dexus makes timely and balanced disclosures to the market of all material information
- Approving the financial statements and ensuring appropriate financial controls are in place to support the integrity of accounting and reporting systems
- Approving new business initiatives and the property acquisitions, divestments and developments of DXS
- Approving the Compliance Management Framework and Risk Management Framework (including Risk Appetite Statement and Risk Management Policy)
- Overseeing compliance with regulatory requirements and key policies including Management's approach to address conduct that is materially inconsistent with Dexus's values and Code of Conduct
- Overseeing processes to ensure continued satisfaction of third party capital partners, customers and other key stakeholders (including customer complaints data)
- Appointing the Chair of the Board
- Appointing or removing the Group Chief Executive Officer and Managing Director ("Group CEO & Managing Director") and the Company Secretaries
- Oversee Management's approach to the identification and management of risks associated with Dexus's people and culture

1.2 The Role of the Chair and appointment processes for directors

The role and responsibility of the Chair includes leading the Board, facilitating the effective contribution of all directors, and promoting constructive and respectful relations between directors, and between the Board and Management. The Chair is also responsible for promoting the interests of the group to Dexus investors and regulators. The Chair agrees the agenda of all Board meetings including the time allocated to each agenda item.

The Board currently comprises seven independent Non-Executive Directors and one Executive Director.

While directors of the Responsible Entity are not technically subject to the approval of Dexus investors, the Board has determined that all directors, other than the Group CEO & Managing Director, will stand for election by Dexus investors. If a nominated director fails to receive a majority vote, that director will cease to be appointed to the Board of Dexus Funds Management Limited ("DXFM").

Dexus investors are provided all material information relevant to a decision on whether to elect or re-elect a Non-Executive Director. The director seeking re-election will, at the Annual General Meeting, speak to their intentions and provide further background information and confirmation that they have maintained independence and will continue to devote the appropriate time to fulfil their responsibilities.

DXFM directors, other than the Group CEO & Managing Director, will hold office for three years following their first appointment (or, if appointed by the Board between Dexus Annual General Meetings, from the date of the Annual General Meeting after the initial appointment).

Where the director seeks to extend their appointment past the initial three-year period, and the Board is in agreement, re-election will be sought at the next Annual General Meeting.

At the time of appointment, each Non-Executive Director is required to sign a letter of appointment which sets out the terms and conditions of appointment. The letter outlines the term of office, requirements for independence, role and responsibilities.

Executive Directors, senior executives and other members of the Executive Committee are also required to enter into an employment agreement setting out their terms of employment.

Background checks of newly appointed Non-Executive Directors are conducted and include:

- National Police Check
- ASIC Banned and Disqualified Register check
- ASIC Authorised Representative search
- ASIC Enforceable Undertaking Register search
- APRA Disqualified Register check
- Directorships check
- AML/CTF Global Official Lists check (sanctions list)
- Public Records check
- Academic Qualification check
- Employment History check
- Bankruptcy Record check

The process for selecting and appointing new directors to the Board can be found at www.dexus.com/corporategovernance.

1.3 Company Secretaries

Company Secretaries play an important role in supporting the effectiveness of the Board and Board Committees. Company Secretaries are appointed by the Board and are responsible for ensuring the smooth running of the Board and Board Committees and that governance matters are appropriately addressed. They are accountable to the Board, through the Chair, the Group CEO & Managing Director and the Chairs of the Board Committees, on all matters relating to the proper functioning of the Board and its Committees. A Company Secretary attends all meetings. All directors have direct access to the Company Secretaries for guidance and assistance.

In addition to being a Company Secretary, the Head of Governance is also responsible for the development and oversight of governance and company secretarial arrangements across the Dexus platform, ensuring that Dexus continues to meet legislative requirements, industry best practice and the Board's governance expectations.

1.4 Executive Committee responsibilities

The Board has appointed an Executive Committee, led by the Group CEO and Managing Director, responsible for setting Dexus's purpose, values and strategy and achieving Dexus's goals and objectives, including the prudent financial and risk management of the group. The Executive Committee generally meets fortnightly.

At the date of this statement, the members of the Executive Committee are:

- Group Chief Executive Officer and Managing Director (Committee Chair)
- Chief Financial Officer
- Chief Investment Officer
- Chief Operating Officer
- Chief People Officer
- Executive General Manager, Funds Management
- Executive General Manager, Growth Markets
- Executive General Manager, Industrial
- Executive General Manager, Office
- Executive General Manager, Retail

1.5 Diversity

Dexus supports a diverse and inclusive workplace and has created a culture that is flexible and adaptive to the changing needs of its industry. Dexus is committed to diversity and inclusion principles and promotes a work environment conducive to the merit-based appointment of qualified employees, senior management and directors. Where professional intermediaries are used to identify or assess candidates, they are made aware of Dexus's commitment to diversity and inclusion.

Dexus is committed to building a culturally inclusive workplace and continues to monitor the diversity of its workforce across a range of factors including cultural background, country of origin, sexual orientation, gender identity and age.

Diversity targets are approved by the Board. Progress against targets is reported to the Executive Committee and Board People and Remuneration Committee.

Dexus publishes annual statistics on the diversity profile of its Board and senior management, including a breakdown of the type and seniority of roles performed by women. This information is available at www.dexus.com/corporategovernance.

Dexus acknowledges and fulfils its obligations under relevant employment legislation including the Workplace Gender Equality Act 2012 (WGEA).

Dexus will lodge its 2024 WGEA report containing Dexus's most recent Gender Equality Indicators, and a copy will be available on Dexus's website at www.dexus.com.

Dexus has set a gender diversity target that at least 33% of non-executive directorships are to be held by women and a 40:40:20 target (40% male, 40% female, 20% any gender) for senior and executive management by 30 June 2025. As at the date of this statement, women represented 57% of Non-Executive Directors and 34% of senior and executive management roles, with women comprising 57% of Dexus's overall workforce.

Dexus is mindful that this percentage has not met the target and continues to put in place initiatives to increase female representation at these levels of the organisation. Dexus remains committed to advancing gender equality and to working to achieve the 40:40:20 target at senior and executive management levels. Dexus's definition of 'Senior Management' is disclosed in its Diversity Target which is available at www.dexus.com/corporategovernance.

To support our progress and contribution in driving gender equality within Dexus and across the industry as a whole, Dexus is a member of the Champions of Change Coalition. The Coalition's current focus is on collectively driving gender equality in the property industry. This has resulted in members implementing initiatives to increase the number of women in leadership roles and to close the gender pay gap.

Dexus's Future Leaders in Property program provides high school girls with exposure to the property industry to encourage subject selection and education pathways to build the future pipeline of female talent into the industry. The program provides students with a unique opportunity to hear from female leaders in property and learn more about careers through our assets and development pipeline.

Flexibility at Dexus provides every employee with the opportunity to have a say in when, how, or where their work is performed. Dexus supports and encourages flexible work practices to improve personal wellbeing and employee engagement, improve team performance and motivation, maximise productivity, retain talent, and encourage an organisational culture of diversity and inclusion.

Dexus's Inclusion and Diversity Policy is available at www.dexus.com/corporategovernance.

1.6 Performance of the Board

The Board Nomination and Governance Committee oversees the Board performance evaluation program. The evaluation process looks at the performance of the Board and its Committees. Individual director performance is also evaluated. Where feedback is sought on the performance of the Chair of the Board, results will be provided to the Chair of the Board People and Remuneration Committee.

When appropriate, an independent expert is retained to conduct the evaluation. Any areas for improvement identified in the performance evaluation process are agreed by the Board Nomination and Governance Committee which oversees the implementation of process enhancements.

In 2024, the Board appointed an independent expert to undertake the Board performance evaluation.

Individual feedback was sought on the performance of the Board and Committees and Non-Executive Directors. Results of the review were formally presented by the independent expert to the Chair of the Board and the Non-Executive Directors.

Acknowledging the importance of continuous improvement, the review identified the benefit of improved connection between the Board and its Committees and Management. The review also identified the importance of ongoing support of the newly appointed Group CEO & Managing Director.

The process for Board performance evaluation can be found at www.dexus.com/corporategovernance.

Dexus also has a process for evaluating the performance of the Group CEO & Managing Director and its other senior executives which is disclosed in its Remuneration Report. For a description of the performance evaluation process, please refer to the Remuneration Report which is contained in the 2024 Dexus Annual Report available at www.dexus.com/investor-centre.

2.2 Board matrix

The Board Nomination and Governance Committee is responsible for reviewing the size, composition, diversity, skills and desired competencies of the Board and Board Committees (and recommending approval by the Board).

The Board Nomination and Governance Committee has identified the skills and expertise deemed necessary for the Board to fulfil its obligations.

The following table outlines the required skills and expertise that the Board should possess.

The Board has also determined that, along with individual director performance, openness, trust, integrity, teamwork, emotional intelligence and diversity are important attributes of a well-functioning board. These attributes are taken into consideration when selecting new directors and managing director performance.

In determining skills and experience of individual directors, reference has been made to their employment history, directorship history and educational qualifications. These are assessed against the below criteria and directors are asked to review the assessment. The Board has reviewed the skills of the current directors against the skill categories in the table below and determined that the current composition of the Board meets or exceeds the minimum requirements in each category.

The Board comprises a majority of Independent Directors and as at the date of this statement, the Board comprised eight members including seven independent Non-Executive Directors and the Group CEO & Managing Director (Executive Director).

The DXFM Board allows for the appointment of up to 10 directors, and that a majority, or greater than 50% of the Board should be independent directors, with the Chair to be non-executive and independent.

2.4 Board independence

Non-Executive Directors must be free of any business or other relationship that could interfere materially with the exercise of their unfettered and independent judgement.

The Board has determined that each Non-Executive Director is independent as each Non-Executive Director:

- Is not a substantial Security holder of Dexus, nor otherwise associated with a substantial Security holder of Dexus
- Is not employed, nor within the last three years has been employed, in an executive capacity by Dexus
- Has not been within the last three years, a principal or an employee of a material professional adviser or a material consultant to Dexus
- Has not been a material supplier or customer of Dexus, or otherwise associated with a material supplier or customer
- Has no material contractual relationship with Dexus (other than as a Non-Executive Director of Dexus)
- Has not served on the Board for a period which could, or could reasonably be perceived to, interfere materially with the director's ability to act in the best interests of Dexus
- Is free from any interest and any business or other relationship which could, or could reasonably be perceived to, interfere with the director's ability to act in the best interests of Dexus
- Is free from family ties or cross-directorships that may compromise director independence
- Does not receive performance-based remuneration from Dexus nor do they participate in a Dexus employee incentive scheme

The Board regularly assesses the independence of its directors in light of interests disclosed to it and has determined that each Non-Executive Director has maintained independence throughout the year.

Non-Executive Directors confirm on-going independence at each Board meeting and advise the Chair of any matter that could compromise their independence (including the activities of close family and associates). The Chair is independent and not the same person as the Group CEO & Managing Director.

2.5 Induction programs for new Directors

The induction program for newly appointed directors is comprehensive and includes familiarisation with structures, policies and legal documents and accounting matters including (but not limited to):

- Outline of the Corporate and Committee structure
- Organisational charts providing details of business units
- Charters for the Board and Board Committees
- Minutes of the previous Board and Board Committee meetings
- A copy of the Constitution
- A copy of the Business Plan
- Dexus Compliance Management Framework
- Dexus Risk Management Framework
- Dexus Risk Appetite Statement
- Dexus Sustainability Approach
- Key Dexus policies including:
 - Securities Trading (including inside information) Policy
 - Continuous Disclosure Policy
 - Inclusion and Diversity Policy
 - Whistleblower Policy
 - Political Donations Policy

The induction program is reviewed periodically.

A newly appointed Non-Executive Director will meet with key members of management who will provide an overview of their areas of responsibility. Newly appointed Non-Executive Directors are encouraged to attend each of the Board Committee meetings to assist in understanding the Dexus business model and approach to corporate governance. Newly appointed Non-Executive Directors are also encouraged to conduct site visits of Dexus's key operations.

2.6 Election and re-election of Non-Executive Directors

To enable Dexus investors to make an informed decision in relation to the re-election of a Non-Executive Director, the following information is made available to Dexus investors either on the Dexus website corporate governance page, provided in the Notice of Meeting, or presented by the Non-Executive Director at the AGM.

- Biography of professional qualifications and experience

- Details of other directorships
- Length of service on the Dexus Board
- Confirmation that the Board considers the candidate to be an Independent Director
- Confirmation from the Board that it supports the re-election and the reason

2.7 Meetings

The Board generally meets monthly between February and December, with additional meetings held throughout the year as required. A Board calendar is developed and agreed at least 12 months ahead of the new calendar year. The calendar provides dates of Board and Board Committee meetings.

Board meetings are normally held at the registered office of Dexus, although some meetings may be held 'offsite' allowing directors to visit Dexus owned and managed properties. To maximise participation, video conferencing facilities are utilised as required.

Each standard Board meeting includes a Non-Executive Director only session, led by the Chair, followed by a session in which the Executive Director and the Company Secretary join the meeting.

Executive Committee members and senior management are available to provide clarification or answer questions directors may have prior to the Board meeting or may be invited to attend and present at Board meetings.

Board and Board Committee papers are generally provided to directors electronically at least five business days prior to the meeting.

Action items identified by the directors are recorded in the minutes. The Company Secretary ensures that the action items are appropriately addressed, and progress is reported to the Board and Board Committees.

Agenda items for Board meetings are set by the Chair in conjunction with the Group CEO & Managing Director and Company Secretary and include (but are not limited to):

- Group CEO and Managing Director's report
- Minutes of Board Committee meetings
- Reports on asset acquisitions, divestments and developments
- Management presentations
- Other business where directors can raise any topical matters

Directors are expected to attend all scheduled meetings and have access to all Board and Board Committee papers and minutes. Apologies are recorded by the Company Secretary.

2.8 Access to training and information

Directors receive regular presentations by management and external advisers regarding sector, fund, and industry specific trends. Non-Executive Directors are encouraged to seek additional information from management as necessary.

Director Forums are scheduled bi-annually where external experts present on key matters such as work health and safety, cyber security and regulatory updates. Directors are encouraged to suggest topics for presentation.

Non-Executive Directors are encouraged to pursue professional development opportunities to maintain the skills and knowledge needed to perform their role as director effectively at Dexus's expense.

Should a Non-Executive Director wish to seek independent professional advice that they believe is necessary to discharge their responsibility as a director, the matter is initially referred to the Chair. Where the Chair determines it is appropriate that advice be sought by the Non-Executive Director, Dexus will pay for such advice. To ensure all directors are equally appraised, the advice will be provided to all members of the Board (or Board Committee).

2.9 Membership on other Boards

The Board acknowledges that membership of other boards is beneficial and accordingly supports and encourages its members to hold directorships on other boards including charitable, community and not-for-profit boards.

The Board also acknowledges that concurrent service on multiple boards by Dexus directors may impact their overall performance and ability to devote adequate time to each board/position. The Board recognises that the time required to fulfil each directorship role varies and has determined that it is not appropriate to set a limit on the total number of directorships held.

Directors will consider the number of directorships they hold to ensure they have sufficient time to attend to the affairs of Dexus. Should a director wish to accept directorships in addition to those already held, the matter is referred to the Chair for consideration.

Where the Chair is considering directorships or other commitments, the matter is referred to the Chair of the Board People and Remuneration Committee for consideration.

3.3 Trading in Dexus securities

The group's Securities Trading (including inside information) Policy applies to directors and employees who wish to trade in Dexus securities for themselves or on behalf of an associate.

The policy requires any Director who wishes to trade in Dexus securities to obtain approval from the Chair and General Counsel.

Should the Chair wish to trade in Dexus securities, approval is required from a Non-Executive Director and the General Counsel.

Employees wishing to trade in Dexus securities must obtain approval from their Executive Committee member and Head of Governance before entering into a transaction.

Directors and employees are permitted to trade Dexus securities only in defined trading windows, provided approval has been granted, and only if they are not in possession of inside information.

In the event that the Chair, Group CEO & Managing Director, Executive Committee member or the General Counsel considers that there is the potential that inside information may be held or that a significant conflict of interest may arise, trading will not be permitted, even during defined trading windows.

The Securities Trading (including inside information) Policy is available at www.dexus.com/corporategovernance.

3.4 Conflicts of interest and related party dealings

The group's Conflicts of Interest and Related Party Transactions Policy addresses the management of conflicts of interest and related party transactions which may arise including:

- When allocating property transactions; where a new property acquisition opportunity meets the mandate of more than one Dexus client (including Dexus)
- When negotiating leases; where a prospective tenant is interested in more than one property owned by different Dexus clients (including Dexus)
- When executing transactions between Dexus clients (including Dexus)
- When the personal interests of an employee or director conflict with those of Dexus or its clients

Where a conflict of interest is identified, the Compliance team liaises with the business representatives to ensure effective and timely management of the conflict.

The General Counsel reports to the Board on related party transactions on a monthly basis and the Head of Compliance reports leasing conflicts of interest to the Board Risk and Compliance Committee each quarter.

Where there is an actual, potential or perceived conflict of interest between the personal interests of a director and the duties the director owes to Dexus, the director is required to disclose the circumstances to the Chair for determination as to the most appropriate method by which to manage the conflict.

A director with an actual, potential or perceived conflict in relation to a matter before the Board will be excluded from attending that part of the Board meeting. Papers and minutes in relation to the matter will not be provided to the director.

3.5 Sustainability and responsible investment

The Board Sustainability Committee oversees the management of environmental and social issues and implementation of initiatives to maintain the group's position as a leader in sustainability practices.

- The Hon. Nicola Roxon, Non-Executive Director (Committee Chair)
- Peeyush Gupta AM, Non-Executive Director
- Warwick Negus, Non-Executive Director
- Rhoda Phillippo, Non-Executive Director

The Board Sustainability Committee meets at least quarterly.

The Board Sustainability Charter can be found at www.dexus.com/corporategovernance.

Dexus is a signatory to the United Nations Principles of Responsible Investment (PRI) and integrates PRI's 'six principles' within its Responsible Investment Policy, Sustainability Strategy and governance frameworks.

Dexus's Sustainability Strategy is linked with the group's strategy and vision of delivering deep local sector expertise, employing an active investment approach and being an investment partner of choice, by prioritising and focussing effort on the issues that are most material to Dexus and drive greater sustainability impact in a targeted and effective way.

The Sustainability Strategy has an aspiration to unlock the potential of real assets to create lasting positive impact and a more sustainable tomorrow. It prioritises three areas for greater focus and investment (Customer Prosperity, Climate Action and Enhancing Communities), while identifying the foundational sustainability activities that will support a social license to operate for Dexus.

More information on the Dexus Sustainability Strategy can be found at www.dexus.com/sustainability.

Dexus manages environmental and social issues across the property life cycle for its direct portfolio and across its third party capital partners, by systematically translating strategy and vision into actions, setting clear targets and integrating these into day-to-day operations.

Dexus complies with the Australian legislated Modern Slavery Act (MSA) and has worked to address human rights and modern slavery across its operations and supply chain. More information about Dexus's approach to modern slavery can be found in the Dexus Modern Slavery Statement, available at www.dexus.com/corporategovernance.

Dexus has continued its focus on addressing climate change and its carbon emissions, and prioritising climate risk management. Delivery against its public commitments on climate, including continued investment in energy efficiency and switching to renewable electricity to power its base building operations, enhances Dexus's vision for smart, sustainable workspaces and helps support customers and investors on their own journeys.

Dexus has achieved net zero emissions through its continued investments in energy efficiency, switching to renewable electricity to power its base building operations, and offsetting remaining emissions through certified carbon abatement projects.

In 2024 Dexus continued to deliver against its Reflect Reconciliation Action Plan (RAP), that reinforces Dexus's commitment to promoting acknowledgement, respect, and reconciliation with Australia's First Nations peoples. Dexus's RAP is endorsed by Reconciliation Australia and marks the beginning of Dexus's reconciliation journey.

5.1 Continuous disclosure

To ensure continuous disclosure obligations are met, Dexus has the following procedures in place:

- Ongoing education of managers and directors ensuring all parties clearly understand the ASX Listing Rule obligations and the consequences of a breach
- Efficient reporting channels capturing information that potentially requires disclosure and bringing it to the immediate attention of the Group CEO & Managing Director or the General Counsel
- An effective monitoring system which helps ensure ongoing compliance
- A clear and concise policy outlining obligations and expectations of Dexus employees in the identification and management of matters that may require disclosure to the market.

Dexus has established a Continuous Disclosure Committee to assist in the identification and reporting of material matters to the market in the spirit of legislation and regulations.

At the date of this statement, the Continuous Disclosure Committee members comprise:

- General Counsel & Company Secretary (Committee Chair)
- Group CEO and Managing Director
- Chief Financial Officer
- Chief Investment Officer

The Continuous Disclosure Committee meets on a regular basis to consider whether any disclosure obligation is likely to arise as a result of the activities being undertaken by the group.

The effective operation of the Continuous Disclosure Committee ensures:

- Investors continue to have equal and timely access to material information, including the financial status, performance, ownership and governance of the Trusts
- Announcements are factual and presented in a clear and balanced way

Management is required to provide a quarterly attestation to the Compliance team that issues within their area of responsibility that would be subject to continuous disclosure requirements have been dealt with in accordance with the Continuous Disclosure Policy.

The Group CEO & Managing Director and/or the General Counsel will immediately notify the Chair of the Board should any material concern arise regarding continuous disclosure. The Chair will then decide whether the issue should be further referred to the full Board or a nominated Board Committee or Sub Committee prior to any market release being made, if considered appropriate.

The Board has a standing agenda item for it to assess if there are any matters that should be disclosed to the market.

All ASX announcements include a statement that the announcement is authorised by the Board or the General Counsel/Company Secretary.

All directors are promptly provided with copies of ASX announcements and media releases after they have been released.

Presentations provided at investor or analyst briefings are uploaded to the ASX Market Announcement Platform ahead of the presentation.

5.2 Verification of ASX announcements

To ensure information provided to the market is accurate, complete and relevant, all releases to the ASX are subject to verification. All ASX announcements are uploaded on the Material Approvals Database for review and approval by relevant managers. A release is only issued to the ASX where all relevant approvals have been provided. Any exceptions require the approval of the General Counsel or Chief Financial Officer.

Key disclosures such as Annual and Half Yearly reports are uploaded on the Material Approvals Database for review and approval. Verification software assists in the collection of documentation that verifies statements made in these reports.

The veracity of verification is subject to review by the Compliance team. Relevant managers ensure that where Compliance has requested additional information, that information is provided to the satisfaction of the Compliance team prior to finalisation of the document.

The Continuous Disclosure Committee or the Board may request Compliance undertake a review of verification on any document prior to release to the ASX.

Listed Investor Communications Policy

Stakeholder Engagement Guidelines

6.1 Annual General Meeting

The Board conducts an AGM which increases the opportunity for interaction with Dexus investors.

Each AGM is designed to:

- Increase the opportunities for participation
- Supplement effective communication with Dexus investors
- Facilitate investor discussion on the annual remuneration report
- Provide Dexus investors with access to balanced and readily understandable information
- Facilitate Dexus investors' rights to appoint Non-Executive Directors to the Board of DXFM

Dexus recognises the importance of investor participation at the AGM and supports and encourages that participation.

The group's policy is that all directors attend the AGM.

The external auditor of the Trusts attends each AGM and is available to answer questions regarding the conduct of the audits of the Trusts' financial records and their Compliance Plans, as well as the preparation and content of the Auditor's Report.

Dexus engages an independent service provider, Link Market Services, to conduct any Dexus investor voting required at the AGM. To facilitate participation, the AGM is conducted as a hybrid meeting allowing investors to participate virtually while the meeting is underway. A recording is also available for viewing on Dexus's website at a later date for those investors unable to attend the meeting. The results of voting on the items for the formal business of the meeting are released to the ASX and published on the Dexus website after the AGM.

Resolutions are decided by a poll, not a show of hands.

6.2 Security holder communication

In addition to conducting an AGM, Dexus maintains an investor relations and communications approach that promotes an informed market and encourages participation with investors.

This approach involves providing an open and ongoing two-way dialogue with the investment community and other key Security holders that integrates the communication of financial and operational performance and regulatory reporting requirements.

Dexus also participates in retail adviser roundtables and ASX investor series presentations.

Annual and half-year financial results briefings with institutional investors and analysts are webcast and made available to all investors on Dexus's website.

Dexus also provides a comprehensive Annual Reporting Suite comprising an Annual Report, Financial Statements, ESG performance disclosures, results release and the property synopsis. Dexus's website provides access to the full reporting suite as well as other ASX announcements and media releases. Investors can subscribe to alerts from the website to receive communications from Dexus immediately after release. The website also provides historical distribution and tax information and includes an "investor login" section to enable Dexus investors to update their details directly and download statements from Link Market Services.

Dexus actively posts on its LinkedIn page which enables it to 'push' news stories and information previously announced to the ASX onto this social media platform to reach a large network of followers.

Enquiries received from Dexus investors are addressed in a timely manner in accordance with Dexus's policy on the handling of enquiries and complaints. Dexus investors are given the option to receive communications from, and send communications to, Dexus and Link Market Services electronically (where permitted by law).

The Head of Listed Investor Relations is responsible for all Security holder communications and activities, and reviews and approves communications in accordance with Dexus's material approval process.
